Procedure to create Quiz in Quizizz.com

Step 1: Log in to Quizizz

Go to Quizizz.com and log in (or sign up if you don't have an account).

Click on "Create" in the top menu and select "Quiz".

Step 2: Enter Quiz Details

Give your quiz a title (e.g., "Sample Quiz").

Select the subject and grade level (optional).

Click "Next" to start adding questions.

Step 3: Add Questions

Click "Add a new question" and choose "Multiple Choice".

Type your question in the text box.

Enter four answer options, ensuring that only one is correct.

Click the checkmark (✓) next to the correct answer.

Repeat steps 6-9 for the remaining two questions.

Step 4: Adjust Quiz Settings

(Optional) Set a time limit for each question.

Click "Save" after adding all three questions.

Step 5: Publish and Share

Click "Finish Quiz" when all questions are added.

Select public or private access.

Click "Assign" or "Start a Live Quiz" to share the quiz with players.

After publishing the quiz the following link is created to send to the students to activate the Quiz

Link:
